

Inside E C Company

About E C

E C Company is ranked among the top electrical contractors, both throughout the Northwest and nationally, with regard to annual revenue and size of work force. What truly sets us apart is our organizational depth and breadth. We offer a broad range of capabilities to diverse markets as a full service electrical contractor as well as providing industrial power solutions through E C Power Systems, our distribution company. From your initial design, through construction to full service maintenance and repair, we have the proven expertise and resources to produce consistent results that exceed expectations.

Financial Strength

E C Company has a long history of financial strength. Under current ownership E C Company has sustained continued growth. Nearly 80% of our volume is from repeat clients, illustrating the ability to provide outstanding service and our dedication to client satisfaction.
