# POWER SYSTEMS

## Your Industrial Power Source

*Formed in 1955 E C Power Systems specializes in sales, service, rental and parts distribution of industrial power products, including emergency standby systems, engines and generators.*

### Sales

Experienced, factory-trained professionals are ready to answer questions and match your industrial power needs with the appropriate equipment.

### Custom Equipment

E C Power Systems has the expertise and extensive manufacturing capability to customize our equipment for any special applications.

### Service

Our factory-trained technicians excel at complete industrial equipment repair. Services are available or on-site or in-shop at our 5 locations.

### Rentals & Temporary Power

For temporary power needs, E C Power Systems rents quiet generators from 15 kilowatts to 2,000 kilowatts for industrial and commercial use, special events and construction distribution systems.

### Parts

Our parts distribution system is second to none and committed to providing you quick, efficient delivery. We have a complete parts and unit inventory for all major lines. We have what you need when you need it.

- Field repair of all makes of generators and switch gear
- Emergency service & maintenance agreements for engines, standby generators and switchgear
- Custom equipment, modifications, gas and diesel power units
- Welding equipment repairs
- Scrap magnets & lifting magnet repairs.
